## Object of Winning the Game

Players place a wager on which of the two hands – the **PLAYER** or the **BANKER** – will have a total point value closest to 9.

## Baccarat Card Values

K, Q, J, 10 = 0 • Ace = 1 • All other cards = face value

Note: When any hands total a double digit, use the right hand digit as your hand value.

## Examples

2+3+6 = 11 The Hand's value is 1

6+4 = 10 The Hand's value is 0

King + 7 = 17 The Hand's value is 7

## RULES: PLAYER

When <b>PLAYER'S</b> First Two Cards Total:	0-1-2-3-4-5	Draws A Card
	6-7	Stands
	8-9	Natural <small>(neither hand can draw on a third card)</small>

## RULES: BANKER

When <b>BANKER'S</b> First Two Cards Total:	Draws When <b>PLAYER'S</b> Third Card Is:	Does Not Draw When <b>PLAYER'S</b> Third Card Is:
3	1-2-3-4-5-6-7-9-0	8
4	2-3-4-5-6-7	1-8-9-0
5	4-5-6-7	1-2-3-8-9-0
6	6-7	1-2-3-4-5-8-9-0
7	Stands	
8-9	Natural (neither hand draws)	

When the **PLAYER** does not draw, **BANKER** stands on 6. Note: if the **PLAYER** does not draw a third card, the **BANKER** assumes the rules of **PLAYER** e.g. Hit 0-5, Stand on 6 and 7.
